TO-DAY'S GAMES.

Wheeling lost yesterday's game Dayton and exchanged positions with the Old Soldiers, Ordinarily the knockers would be in their glory, but they are strangely silent, and all on acthe Wheelings in the ninth inning, which came within an ace of ticing the

For eight innings the Wheelings had been unable to do business with Mr. "Nick" Carter, who holds down a pitching job on the Dayton team. Three little hits had been made; everything else had been up in air, mostly to the infield, and it looked very much like a shut-out. While Wheeling was doing so little with the visiting team's twirler, the other fellows had been hitting Poole at a rather lively city and, aided by three very costly errors, had piled

But in the minth, the home team made finish what was a beauty, but it fell set one short of a tie and of course united for nothing. Taylor led off tith a safe bit to right field, Lyons rent to first on four wide ones, and winehum hit a beautiful two-bagger of deep right, scoring Taylor, and sending Lyons to third. Niles executed a eat sacrifice, scoring Lyons. Babb net one of Carter's inshoots on the arm of trotted down to first. Then came met one of Carter's inshoots on the arm and trotted down to first. Then came Poole, and he landed on the first ball pitched with a mighty swing for three bases to deep center, scoring Twincham and Babb. With one to tie and only one out, it looked promising, but the fates—or, rather, Dayton's right-fielder—were against the Stogles, for both Wells and Lytie sent long files that were captured by Frank after hard runs.

# BASE BALL COMMENT.

Dolan or Crabill will pitch for Wheeling this afternoon, unless Frank Parvin, the Southern League wonder, in in good shape. Crabill has been pitching in extreme hard luck, and the tide is about due to turn in the young man's favor. He is really one of Wheeling's best twirlers, and ought to pull out a victory from the visitors.

There will be a double-header to-morrow afternoon for one admission. The first game starts at 2 o'clock.

To-day is Ladies' Day, and the man-agement invites the fair sex to grace the occasion in goodly numbers.

The natural result is that the mother looks around for a "tonic," and generally finds her tonic in the form of a stimulant, which not only gives the mother no real strength but is an injury to the child. It is the concurrent testimony of women who have used Dr. Pierce's Favorite Prescription, that it is the most perfect preparation for motherhood and all its functions which has ever been discovered. It prepares the way for baby's advent, giving the organs of birth vigor and elasticity. It establishes such a condition of health that nervousness, anxiety and morning sickness are unknown. an Investigation.

The Benwood shooting cases against Deputy Revenue Collector W. Newton Bonar did not come up before Squire Riddle or Mayor Shepard yesterday, but the city's case will be heard some time to-morrow. Walton Davis, the young man Bonar shot at, yesterday withdrew the warrant he swore out in Squire Riddle's court, giving as his reason that further litigation would give serious anxiety to his invalid mother. Davis maintains that he was accidentally jostled against Bonar and was shoved by others, and ran when he saw him trying to arrest him. It is said the state may not agree to drop Davis' case but will bring it before the Marshall county grand jury, which meets to-dag. Marshal Furbee went to Moundsville yesterday to serve the state warrant on Captain Bonar, but the latter had previously left for Parkersburg. Collector A. B. # NAUSEOUS OR PLEASANT.

A Remedy Pleasing to the Plate of more Benefit than a Nanseting Onc. In former days a medicine was valued In former days a medicine was valued according to its nauseousness. Even now there are those who distrust a pleasant medicine. Yet our sense of taste is a guard and guide implanted in us to enable us to avoid that which would do us harm. What the taste approves benefits the body; what it rejects would oftentimes, if taken, impair the health, sometimes destroy the life. The very qualities which the taste approves upbuild and fortify the body against the onshaughts of disease. This truth is wonderfully exemplified in the wider and wider recognition of Duffy's Pure Mait Whiskey as possessing the most wonderful medicinal and stimulating power of any agent that is known to the medical profession.

Duffy's Pure Malt Whiskey is as harmless as milk, as pleasant to the taste as nectar, and as powerful in remedial and stimulating power as are all the agents of the whole pharmacopoein. This great truth is gradually becoming known the world over, and it is well for the human race that such is the case.
